RE: Plagiarism of Final Project

Attached is a copy of your final project and a copy of selected sources that were plagiarized in the preparation of your project. You have violated the Student Code of Conduct of Saddleback College and the policies set forth in the course syllabus and on the assignment sheet.

Copies of your project and plagiarized sources have been sent to the Office of Academic Instruction and the Office of Student Services.

In terms of your grade in the course:

- You will receive a 0 score for the project.
- Your semester grade will be based on results from your in-class exercises, any extra credit you may have done, exam 1 and the final exam.

By plagiarizing you are jeopardizing your grade in the class and your GPA. You have chosen as well to waste my time in pursuit of this issue and have devalued the time and efforts of your student colleagues who completed the assignment on their own.

If you wish to pursue this issue you may do so after the semester grades are posted in accordance with SOCCCD Board Policy 5505.
