Preparing the Annual Security Report

Safety and Security at Saddleback College is a comprehensive effort to provide our community with the highest level of safety and police services, while respecting human dignity and understanding the needs and values of a diverse campus community, in direct support of Saddleback College's mission of providing excellence in education. This annual security report is prepared and compiled by the Saddleback College Police Department. Our Motto is "Service-Honor-Duty". This motto is meant to serve as a daily reminder of our commitment to the safety and security of all who attend this college and for all guests.

The Saddleback College Police Department is responsible for initiating Timely Warnings, Emergency Notifications, Investigation and submission of initial Crime Reports, Maintaining of the Crime Log, Campus Security Authority trainings and the annual statistical disclosure required under the Jean Clery Act. The campus community should report all campus crimes to the Saddleback College Police Department. Campus Police Department and the Office of the Vice President for Student Services collect information on all incidents occurring on campus. A written request for statistical information is made on an annual basis to all Campus Security Authorities and to College Department Heads. The Saddleback College Police Department submits the annual crime statistics published in this document to the Department of Education.

The Orange County Sheriff's Department and jurisdictional law enforcement agencies provides statistical information for Off- Campus criminal incidents that occur outside of On-Campus Clery Geography.

It is our hope that you will find valuable information in this report and find that Saddleback College is a safe environment to facilitate the educational growth for the students and collaborative environment for staff and faculty towards the college's mission, **"Saddleback College will be the first choice of students who seek a dynamic, innovative, and student-centered postsecondary education."**

We expect the contents of this report will answer any questions you may have about the safety of the College and all of the programs and personnel here to provide the environment and atmosphere to further your academic or vocational goals. I appreciate the time you are taking to review this report and welcome any feedback you may have.

Welcome to Saddleback College!

Chief,
Richard Nelson

Security Considerations Used in the Maintenance of Campus Facilities

Saddleback College maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated with lighting. SCPD works closely with Facilities, Maintenance, and Operations (949-582-4880) to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the College community are helpful when they report equipment problems to SCPD or to Facilities, Maintenance, and Operations.

Law Enforcement Partnership

Pursuant to California Education Code Section 67381, the Saddleback College Police Department and the Orange County Sheriff's Department have adopted and signed written Memorandum of Understanding that clarifies and affixes operational responsibilities for the investigation of violent and non-violent crimes occurring on college property. Due to the sophisticated investigative resources required to investigate certain crimes properly, the Saddleback College Police Department, by agreement, has arranged in certain circumstances for assistance from the Orange County Sheriff's Department.

The agreement states that the Saddleback College Police Department will be the primary reporting and investigating law enforcement agency for all crimes occurring on the Saddleback campus, except Part One crimes of Homicide, Robbery, Kidnapping, Felony Assault, Auto Thefts, Sexual Assaults, Hate Crimes, and Crimes Against Children. The Orange County Sheriff's Department will be the lead reporting and investigating agency. The Orange County Sheriff's Department will be the primary reporting and investigating law enforcement agency for all crimes occurring in the vicinity of the college campus outside the boundaries of the Saddleback College campus and properties. Both agencies will continue to provide mutual aid assistance as appropriate when requested.

Also, the Saddleback College Police Department seeks assistance from federal, state, and city law enforcement agencies as needed. The Saddleback College Police Department is signatory to the Memorandum of Understanding maintained by the Orange County Sheriff's Department consent pursuant to 830.1 of the California Penal Code, dated August 01, 1973.

The SCPD maintains a strong working relationship with state and local police agencies where the College occupies classrooms, including the Orange County Sheriff's Department, Orange County Fire Authority, and other local law enforcement agencies. Saddleback College does not have any non-campus facilities.

Law Enforcement Authority

The Saddleback College Police Department is empowered pursuant to the section 830.32 (a) of the California Penal Code and section 72330 of the California Education Code which fully subscribes to the standards of the California Commission on Peace Officer Standards and Training (POST).

Saddleback College police officers have the authority to conduct criminal investigations, and make arrests anywhere in the State of California.

Our sworn police officers receive the same basic training city as county peace officers throughout the state, plus additional training to meet the unique needs of campus environment.

The Department handles all patrol, investigation, crime prevention education, and related law enforcement duties for the campus community, and operates twenty-four hours a day, seven days week. The Saddleback College Police Department can be reached at 949-582-4585.

The Saddleback College Police Department is a member of the Orange County Communications System and has direct radio contact with the local public safety agencies.

The Department also has access to local, state, and federal law enforcement telecommunications systems that provide vehicle registration, driver license, and criminal record information.

Reporting Crimes

Community members are strongly encouraged to immediately report criminal and suspicious activity occurring on campus, on public property immediately adjacent to the campus, or in other property that is owned or controlled by Saddleback College to the Saddleback College Police Department 949-582-4585.

For purposes of making timely warning reports, immediate notifications, and the annual statistical disclosure required under Clery, the campus community should report all campus crimes to the Saddleback College Police Department. Campus Police Department and the Office of the Vice President for Student Services collect information on all incidents occurring within Saddleback College Clery Geography (Board Policy 3515). We encourage accurate and prompt reporting of all crimes to campus police, including when the victim elects to, or is unable to, make such a report. SCPD officers offer information and guidance to victims when they file a SCPD report. If you choose to report the incident, a SCPD officer will take a statement from you regarding what happened. The officer will ask you to describe the suspect(s) and may ask questions about the scene of the crime, any witnesses, and what happened before and after the incident. You may have a support person with you during the interview. NOTE: Reporting an incident is a separate step from choosing to prosecute. When you file a report, you are NOT obligated to continue with legal proceedings or college disciplinary action. If the assault occurred off-campus, report the incident to the Orange County Sheriff's Department (949-770-6011) or if you are unsure who to report to contact SCPD for assistance. The reasons for reporting to SCPD are: 1) to take action which may prevent further victimization, including issuing a Timely Warning Notice to warn the campus community of an impending threat to their safety; 2) to apprehend the suspect; 3) to seek justice for the wrong that has been done to you; and 4) to have the incident recorded for purposes of reporting statistics about incidents that occurred on campus

Response to a Report

Dispatchers are available at these respective telephone numbers 24 hours a day to answer your calls. In response to a call, SCPD will take the required action, either dispatching an officer or asking the victim to report to SCPD to file an incident report. All reported crimes will be investigated by the College and may become a matter of public record. All SCPD incident reports are forwarded to the Vice President of Student Affairs Office for review and referral for potential action, as appropriate. SCPD Investigators will investigate a report when it is deemed appropriate. If assistance is required from the Orange County Sheriff's Department or other local law enforcement department, or the Orange County Fire Authority, SCPD will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including SCPD, will offer the victim a wide variety of services.

Reporting option other than to Campus Police

All Saddleback College Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to SCPD. (CSA's) are employees with directed student contact. Students and employees can report crimes to any Campus Security Authority on campus. Saddleback College has identified the following people as *Primary* Campus Security Authority Administra (CSA), to provide additional reporting options in the event that the reporting party does not want to report a crime directly to SCPD. One of the below listed CSAs can be contacted and the crime can be reported directly to them. All CSAs are required to subsequently notify SCPD of any reported crimes as soon as practicable, to allow for Timely Warnings, Notifications, Investigations and the documentation of crime for statistical purposes.

Voluntary/Confidential Reporting

If you are the victim of crime, we encourage you to file a crime report. If you would like to maintain confidentiality and do not wish to pursue action within the college or criminal justice system, you are encouraged to consider filing a confidential report for purposes of inclusion in the annual disclosure of crime statistics. These types of reports can be made to the Saddleback College Police Department or with a student health center staff in the Student Health Center. The information can enhance community safety by allowing the college to keep accurate records of crimes, helping to determine whether patterns of crime exists, and alerting the campus to potential danger.

Exemption for Pastoral and Professional Counselors/ Mental Health Provider Therapist

There are two individual employee categories who, although they have significant responsibility for student and campus activities, are not Campus Security Authorities under Clery.

Pastoral counselors: A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor.

Mental Health Provider Therapist in the Student Health Center: A person whose official responsibilities include providing mental health therapy services to members of the institution's community and who is functioning within the scope of his or her license or certification.

Additionally, SOCCCD considers employees working in the Student Health Center as exempt mandatory reporters.

Mental Health Provider Services– Student Health Center

Although mental health providers typically have significant responsibility and involvement in student and campus activities; they are exempt from Clery and Title IX reporting requirements. They are, however, and encouraged to forward non-identifying information to Saddleback College Police Department on crimes that are reported to their offices. Included in the annual security report is this non-identifying information. Although exempt from divulging personally identifiable information of reporting parties, exempted personnel are encouraged to report Clery violations to the Campus Police for statistical purposes only. The SCPD encourages pastoral counselors and professional mental health providers, if and when they deem it appropriate, to inform the persons they are providing mental health services to voluntarily report the incident to the SCPD on a confidential basis for inclusion of the annual disclosure of crime statistics.

The Clery Act

In 1990, the Higher Education Act of 1965(HEA) was amended to include the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law101-542). This amendment required all postsecondary institutions participating in the Title IV student financial aid programs to disclose campus crime statistics and security information. In 1998, the act was renamed the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act in memory of Jeanne Clery, a university student who was killed in her dorm room in 1986. More commonly known as the Clery Act, this law requires a college to:

- Collect, classify, and count crime reports and statistics
- Issue campus safety alerts and Timely Warnings
- Publish an Annual Security Report
- Submit crime statistics to the Department of Education
- Maintain a daily crime log
- Conduct annual, Safety Trainings, Drills and Exercises.
- Disclose missing student notification procedures
- Training of designated CSA's and maintenance of records
- Statistical Documentation of VAWA and Title IX incidents

Federal Clery Act Definitions of Domestic Violence, Dating Violence, Sexual Assault and Stalking

The Clery Act defines the crimes of domestic violence, dating violence, sexual assault and stalking as follows:

Domestic Violence:

A Felony or misdemeanor crime of violence committed—

By a current or former spouse or intimate partner of the victim;

By a person with whom the victim shares a child in common;

By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;

For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition—

Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Dating violence does not include acts covered under the definition of domestic violence.

For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Sexual Assault: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is "any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent."

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined as sexual intercourse with a person who is under the statutory age of consent.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
Fear for the person’s safety or the safety of others; or
Suffer substantial emotional distress.

For the purposes of this definition—

- A) **Course of conduct** means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
 - B) **Reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.
 - C) **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
- For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Affirmative Consent in California: The state of CA defines consent, in relation to sexual activity, as follows: means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. The District utilizes the California definition of affirmative consent in regards to sexual activity.

The District understands that students may be reluctant to file complaints of sexual assault or other violation of this policy when alcohol and/or drugs were used. Whenever possible, the District will respond educationally, rather than punitively, to the use of drugs and/or alcohol so as to promote the reporting of sexual assault or other violation of this policy. However, the District reserves the right to use other remedies dependent upon the severity of the alcohol or drug use. An individual who participates as a complainant or witness in an investigation of sexual assault or other violation of this policy will not be subject to disciplinary sanctions for a violation of the District’s student conduct policy at or near the time of the reported incident, unless the District determines that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty.

Sexual and Other Assaults on Campus- Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs

After an incident of sexual assault, dating violence or domestic violence, the victim should consider seeking medical attention as soon as possible at Mission Hospital at 27700 Medical Center Rd.) In California, evidence may be collected even if you chose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Public Safety or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

Involvement of Law Enforcement and Campus Authorities

Although the College strongly encourages all members of its community to report violations of this policy to law enforcement (including on campus law enforcement and/or local police), it is the victim's choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the College (Title IX Office, Student Health Center) will assist any victim with notifying law enforcement if the victim so desires. For off campus incidents the Orange County Sheriff's Department may also be reached directly by calling 949-770-6011, or in person at 200 Civic Center, Mission Viejo, CA 92691. Additional information about the Orange County Sheriff's Department-Mission Viejo Police Services may be found online at: <https://cityofmissionviejo.org/departments/police-services>.

Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault and Stalking

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator (Located in the AGB Building), Vice President of Student Services, Located in the AGB building (949-582-4566), by calling, writing or coming into the office to report in person and Campus Police Department (Lot 2) (if the victim so desires.) Procedures the College Will Follow When a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking is Reported

The College has procedures in place that serve to be sensitive to victims (complainant) who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of medical services, mental health services, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party (respondent), such as changes academic, protective orders, transportation and working situations, if reasonably available. The College will make such accommodations or protective measures, if the victim (complainant) requests them and if they are reasonable available, regardless of whether the victim chooses to report the crime to the Campus Police (949-582-4585) or local law enforcement. Students and employees should contact Vice President of Student Services (949-582-4566).

The College's disciplinary proceedings shall provide a prompt, fair, and impartial investigation and final resolution; the process will be conducted in a manner that is consistent with the institution's policy and that is transparent to the accuser and the accused. Usually, the resolution of domestic violence, dating violence, sexual assault and stalking complaints are completed within 90 days of the report. However, each proceeding allows for extensions of timeframes for good cause with written notice to the Complainant and the Respondent of the delay and the reason for the delay.

- The Complainant and the Respondent will have timely notice for meetings at which the Complainant or Respondent, or both, may be present;
- The Complainant, the Respondent and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary meeting and hearings;
- The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the Complainant or the Respondent;

- The Complainant and the Respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice however there are restrictions on the advisors role; The College will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding. However, the role of the advisor is limited to only consultation and to advise his or her advisee, but not allowed to speak for the advisee at any meeting or hearing.

Proceedings will be conducted by annually trained officials. These officials are trained on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

Sexual Assault/Harassment Investigations

The District will investigate all complaints alleging sexual assault under the procedures for sexual harassment investigations described in AR 3430/3433, regardless of whether a complaint is filed with local law enforcement. The District will decide the complaint based on a preponderance of the evidence standard (whether it is more likely than not that the alleged conduct occurred). All alleged victims of sexual assault on District property shall be kept informed, through the Vice President of Student Services, or designee, of any ongoing investigation. Information shall include the status of any student or employee disciplinary proceedings or appeal; alleged victims of sexual assault are required to maintain any such information in confidence, unless the alleged assailant has waived rights to confidentiality. The President's designee shall:

1. Provide, as part of each campus(s) established on-campus orientation program, education and prevention information about sexual assault. The information shall be developed in collaboration with campus-based and community-based victim advocacy organizations.
2. Post sexual violence prevention and education information on the campus internet website. A complainant or witness who participates in an investigation of sexual assault, domestic violence, dating violence, or stalking is protected from retaliation.

NON-VALID EXCUSES

In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

1. The accused's belief in affirmative consent arose from the intoxication or recklessness of the accused.
2. The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.

In the evaluation of complaints in the disciplinary process, it shall not be a valid excuse that the accused believed that the complainant affirmatively consented to the sexual activity if the accused knew or reasonably should have known that the complainant was unable to consent to the sexual activity under any of the following circumstances:

3. The complainant was asleep or unconscious.
4. The complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.
5. The complainant was unable to communicate due to a mental or physical condition.

CONFIDENTIALITY/PRIVACY

The District shall maintain the identity of any alleged victim or witness, or third-party reporter of domestic violence, dating violence, sexual assault, or stalking on District property, as defined above, in confidence unless the alleged victim or witness specifically waives that right to confidentiality. All inquiries from reporters or other media representatives about alleged sexual assaults on District property shall be referred to the District's Public Affairs office, which shall work with the Vice President of Student Services, or his or her designee, to assure that all confidentiality rights are maintained. Victims may request that directory information on file with the College be withheld by request (Admissions & Records Office).

Regardless of whether a victim has opted-out of allowing the College to share "directory information," personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

Procedures to Address Incidents

Saddleback College has established specific procedures to address incidents involving prohibited conduct. These procedures involve an intake and an initial assessment followed, as appropriate, by an alternative or disciplinary resolution. These procedures will be administered in a fair and impartial manner by annually trained Title IX Officer/staff who understand the difficult and sensitive issues involved. Saddleback College students and employees suspected of committing a sex offense of any kind are subject to criminal prosecution in addition to disciplinary action under District policies, regulations and collective bargaining agreements. Even if no criminal charges are pursued, campus disciplinary action can be initiated. In addition to criminal prosecution, complaints against students accused of sexual battery, attempted rape, rape, or other sex offenses will be processed in accordance with the procedures in the Saddleback College Student Code of Conduct. The accuser (complainant) and the accused (respondent) are entitled to the same opportunities to have others present during a campus disciplinary proceeding, and both shall be informed at the same time of the outcome of any campus disciplinary proceeding brought forth alleging a sex offense.(AR-3540)

Sex offenses can be addressed both through college administrative procedures and through the criminal justice system. Any criminal proceeding is entirely separate from administrative proceedings of the college. Also, students have the option of changing their academic situations after an alleged sexual assault, if such changes are reasonably available.

Intake and Initial Assessment

Any member of the college community may request an intake meeting regarding an incident by contacting the Vice President of Student Service's Office which houses the Title IX Office at 949.582.4566. The intake meeting will be swift, and during the intake meeting the report will be assessed and the immediate safety and emotional well-being of the individual(s) will be addressed. Questions can be asked and answer and all parties will be provided with written resources for on-and-off campus concerning medical or mental health, victim advocacy, legal assistance, and visa and immigration assistance. In addition, an individual's right to file a report with law enforcement, seek a civil protection order, and seek medical treatment, as well as the importance of preserving evidence, will be discussed. The intake meeting will also detail the disciplinary and alternative resolution procedures and the individual's expressed preference for a manner of resolution. If the individual raises concerns/potential barriers to proceeding, the Title IX Office will attempt to address these concerns. Regardless of the individual's decision to pursue a disciplinary resolution, the individual will be provided the option of seeking interim supportive measures.

Upon written request, the college will disclose to the complainant of a crime of violence (as defined under United States Code Title 18, Section 16) or a non-forcible sex offense the report on the results of any disciplinary proceeding, conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the victim is killed as a result of the alleged crime or offense, the next of kin of such victim shall be treated as the complainant for this purpose.

Standard of Proof

A student will be found either responsible or not responsible based on the "preponderance of the evidence" meaning that is "more likely than not" that the student has violated the District's policy/regulation. The determination shall be based upon the thorough investigation of allegations and the weighing of evidence in totality by the Title IX Coordinator, or his or her designee. Compliance with these provisions does not constitute a violation of section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).

Protective Measures Available for Victims

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Saddleback College will provide written notification and general information to students and employees about protective orders.

At the victim's request, and to the extent of the victim's cooperation and consent, College offices will work cooperatively to assist the victim in obtaining changes to academic schedules, working hours, protective measures or transportation situations regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

To request changes to academic, transportation and/or working situations or protective measures, a victim should contact the Vice President of Student Services Office at 949-582-4566 for arrangements. If the victim wishes to receive assistance in requesting these accommodations, she or he should contact Campus Police at 949-582-4585 for assistance.

Assistance for Victims: Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options.

Disciplinary Resolution

As appropriate, the college may proceed with an investigation under the Disciplinary Resolution process, involving a prompt, equitable, and impartial investigation to determine by a preponderance of the evidence (more likely than not) whether a prohibited act has occurred. During a disciplinary resolution, both parties have equitable opportunities, including the opportunity to receive a written notice of investigation; to participate in the investigation; to review and present information as evidence; to be accompanied by an advisor of their choice to any meeting; to timely and equal access to information that will be used in disciplinary proceedings; to timely notice of meetings at which their presence will be requested or required; to simultaneous written notice of the outcome, sanction, and rationale; and to appeal the outcome. Where there has been a finding that sufficient evidence exists to support one or more policy violations, the matter is referred to an appropriate disciplinary authority to determine appropriate sanctions or other remedy. Both parties will have the opportunity to submit impact/mitigation statements for the disciplinary authority to consider prior to a determination of sanction.

Disciplinary Sanctions-Adjudication of Violations

Students/employees to be imposed following the final determination of an on-campus disciplinary procedure regarding sexual assaults, dating violence, domestic violence, and stalking may be one or any combination of the following: Is this the only sanctions

Whenever possible, the District will respond educationally, rather than punitively, to the use of drugs and/or alcohol to promote the reporting of sexual assaults or other violations of this policy. However, the District reserves the right to use other remedies dependent upon the severity of the alcohol or drug use. An individual who participates as a complainant or witness in an investigation of sexual assault or other violation of this policy will not be subject to disciplinary sanctions for a violation of the District's student conduct policy at or near the time of the reported incident, unless the District determines that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty.

College-Initiated Protective Measures

In addition to those protective measures previously described, the Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a College order of no contact, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.¹ Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Saddleback College. The college will provide written notification to victims about options for, available assistance in, and how to request changes to academic transportation, and working situations or protective measures. The college will make such accommodations or provide such protective measures if the victim requests the and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

Timely Warnings

Timely Warnings focus on Clery Crimes but also include crimes considered to represent a serious or continuing threat to students, employees, and the college community. In the event a crime is reported within the Clery geography (On Campus, Public Property and Non-campus property), a Timely Warning (called Timely Warning Notice) may be issued if in the judgment of the Chief of Police or his designee, if the crime is considered by the institution to represent a serious or continuing threat to students and employees.

Timely Warning Notices are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

- Murder/Non-Negligent Manslaughter
- Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger SC Community)
- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)
- Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Click here to enter text., or designee). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.
- Major incidents of Arson
- Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence.

Campus Alert Notices may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of the Chief of Police or his designee. A warning will be issued without delay as soon as the pertinent information is available and when appropriate, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences. In the event of a situation which, in the judgment of the Chief of Police, constitutes a serious or continuing threat of a criminal nature to the campus community, the Saddleback College Police Department will issue a crime alert as soon as possible and when appropriate. Campus Alerts are typically written by the Chief of Police or his designee and are reviewed (time permitting) and are typically distributed by the Office of Communications. If the Office of Communications is unavailable, the crime alert would be sent to the community by the Emergency and Business Continuity Manager. **Any crime considered to represent a serious or continuing threat to the campus community, a Crime Alert will be distributed using campus email as the primary method of communication. The College may also post flyers in or on campus facilities, if deemed necessary. The institution is not required to issue a Timely Warning Notice with respect to crimes reported to a pastoral or professional counselor.**

Emergency (Response / Immediate) Notifications in compliance with Administrative Regulation AR 3505

Saddleback College has developed a process to notify the campus community in cases of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations are examples which may warrant an emergency (immediate) notification after confirmation: armed/hostile intruder; bomb/explosives (threat); communicable disease outbreak; severe weather; terrorist incident; civil unrest; natural disaster; hazardous materials incident and structural fire. Immediate Notifications focus on any significant emergency or dangerous situation (may include Clery crimes). Issuing of Campus emergency (immediate) notifications occur when an event that is currently occurring on or imminently threatening the campus community. Initiate emergency notification procedures for any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. Immediate Notifications apply to situations that occur on the campus. SCPD initiates notification immediately upon confirmation that dangerous situation or emergency exists or threatens.

Notifications are issued without delay upon confirmation of an emergency situation that poses an immediate threat to the health of the campus community. SCPD will take into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise the efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Depending on the incident, the Orange County Sheriff's Department will be notified to make notifications to the surrounding community. All messages should include the type of situation, the location of the situation, the time and date, instructions for the recipient, and the additional method of the public to obtain information.

In the event of an emergency, Saddleback College will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the College community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employee and visitors.

If the Chief of Police or his designee, in conjunction with other College administrators, local first responders, public health agencies and/or the National Weather Service, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the SC Community, the SCPD typically determines the content of the message (other administrators or first responder/public health agencies may contribute to the development of that content) and typically the SCPD or the Office of Communications will use some or all of the systems described below to communicate the threat to the SC Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. See specific information below regarding the development of content for and initiation of each system.

Follow-up information will be distributed using some or all of the identified communication systems (except fire alarm). The local news media may be utilized to disseminate emergency information to members of the larger community, including neighbors, parents and other interested parties. The larger community can also access emergency information via the Saddleback College homepage and/or social media.

If there is an immediate threat to the health or safety of students or employees occurring on campus, an institution must follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed. To opt-out for emergency text and voice messaging, students, faculty, and staff can do so through texting, "Stop."

Emergency Response and Evacuation Procedures

The campus Emergency Operations Plan (AR 3505) provides the frame work for an organized response to various human-caused and natural emergency situations including fires, hazardous spills, earthquakes, flooding, explosions, and civil disorder. In addition to campus wide guidelines, each department on campus is encouraged to develop an emergency action plan that identifies hazards unique to their workplace, along with corresponding response strategies that minimize employee exposure to hazardous conditions during an emergency. Campus emergency management provides resources and guidance for the development of these plans.

The college conducts an emergency response exercises each year, such as tabletop and field exercises, and conducts drills, including tests of the emergency notification systems on campus. These exercises and drills are designed to assess and evaluate the emergency plans and capabilities of the college. Monthly tests of the "Informacast System" are performed at various buildings. This system sends visible and audible messages to all land line phones on the campus.

Saddleback College participates in the annual Great California Shakeout. This test is conducted every year in October. This drill is an announced simulated state-wide earth quake drill involved all on-campus students, faculty, and staff. Emergency notification procedures were activated, along with deploying Saddleback College Community Emergency Response Team (CERT) teams to assist with the controlled, safe evacuation of all buildings. CERT teams participated in the post evaluation of the college's Emergency Evacuation Plan.

In conjunction with other emergency agencies, the College conducts emergency response drills and exercises each year, such as table top exercises, field exercises, active shooter scenarios and tests of the emergency notification systems on campus. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution. Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced. The campus publicizes a summary of the emergency response and evacuation procedures via email at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act.

Emergency Evacuation Procedures

The emergency evacuation procedures are tested at least twice each year. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The SCPD does not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, SCPD staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Saddleback College evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

General Evacuation Procedures

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify SCPD (949-582-4444) Police Emergency or dial 911.

1. Remain Calm
2. Do **NOT** use Elevators, Use the Stairs.
3. Assist the physically impaired. If he/she unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform SCPD or the responding Fire Dept. of the individual's location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5. Make sure all personnel are out of the building.
6. Do not re-enter the building.

Shelter-in-Place Procedures –What it Means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belonging (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest College building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, SCPD or other College employees, Orange County Sheriff’s Department or other authorities utilizing the College’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
 - An interior room;
 - Above ground level; and
 - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (College staff will turn off the ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (hall staff, faculty, or other staff) to call the list in to SCPD so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

Alcohol and Other Drugs Policy and Programs

The college makes available to students and employees a wide variety of programs designed to discourage the use of illicit substances and provide information on legal and responsible alcohol consumption. Abuse of alcohol and drugs can have a dramatic impact on academic, professional, and family life. Members of the community who may be experiencing difficulty with drugs or alcohol are encouraged to seek assistance.

The Student Health Center provides mental health and referral services to students with substance abuse. Individual therapy sessions are available to students at no cost. Following College policies and state and federal laws, all information regarding any contact or therapy is confidential accordance. A student's decision to seek assistance will not be used in connection with any academic determination or as a basis for disciplinary action. (AR-5500)

The *Employee Assistance Program* is offered through the District. The program is free, 24 hours a day, every day of the year. It offers confidential referral and counseling services for substance abuse, depression, anxiety, and other issues.

Medical and Mental Health Services are also available at the Student Health Center during hours of operation.

Substance Abuse/ Alcohol & Drug Policy

In accordance with Public Law 101-226, "Drug-Free Schools and Communities Act Amendment of 1989," the governing Board of Trustees of South Orange County Community College District prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on Saddleback College property. Including as part of any Saddleback College sponsored or sanctioned activity.

Any student (AR- 5500)or employee (AR-3055) in violation of this policy is subject to disciplinary action up to, and including, expulsion from Saddleback College or termination of employment in case of violation of the standards of conduct as specified in collective bargaining agreements and the California education code. (AR-3550) Saddleback College PD enforces state underage and applicable drinking laws and drug laws.

The possession, sale, manufacture, or distribution of any controlled substance is illegal under both state and federal laws. Saddleback College Police Department strictly enforces such laws. Violators are subject to college disciplinary action, criminal prosecution, fine, and imprisonment. (AR-5500) Saddleback College does not permit students to use medically prescribed marijuana at any college site or any college-sponsored activity. Saddleback College enforces California underage drinking laws, as well as both state and federal drug laws. Information on drug and alcohol abuse is available at the Health Center. (AR3550)

In compliance with the **Drug Free Schools and Communities Act, (DFSCA)** Saddleback College publishes information regarding the College's educational programs related to drug and alcohol abuse prevention; sanctions for violations of federal, state, and local laws and College policy; a description of health risks associated with alcohol and other drug use; and a description of available treatment programs for SC students and employees. A complete description of these topics, as provided in the College's annual notification to students and employees, is available online at: <https://www.socccd.edu/node/499>

Health Risks of Alcohol and Other Drug Use

Substance abuse can cause extremely serious health and behavioral problems, including short- and long-term effects on the body and mind. The physiological and psychological responses differ according to the chemical ingested; and, although chronic health problems are associated with long-term substance abuse, acute and traumatic reactions can occur from one-time and moderate use.

Drugs such as LSD, amphetamines, marijuana, cocaine and alcohol alter emotions, cognition, perception, physiology, and behavior. Drug use during pregnancy may result in miscarriage, fetal damage and birth defects causing hyperactivity, neurological abnormalities, developmental difficulties, and infant death.

Alcohol acts as a depressant to the central nervous system and can cause serious short- and long-term damage. Short-term effects include nausea, vomiting and ulcers; more chronic abuse can lead to brain, liver, kidney and heart damage and even eventual death. Ingesting a large amount of alcohol at one time can lead to alcohol poisoning, coma, and death. Acute health problems as a result of alcohol and drug use may include heart attack, stroke, and sudden death, which, in the case of drugs such as cocaine, can be triggered by first-time use. Long lasting health effects of drugs and alcohol may include disruption of normal heart rhythm, high blood pressure, blood vessel leaks in the brain, destruction of brain cells and permanent memory loss, infertility, impotence, immune system impairment, kidney failure, cirrhosis of the liver, and pulmonary (lung) damage. (AR 3550)

Marijuana and Federal Law

The Federal Controlled Substance Act (CSA) Title 21 of the United States Code

Under the CSA, marijuana is a Schedule 1 hallucinogenic drug. This means the federal government believes it has a high potential for abuse and no currently accepted medical use. The CSA takes precedence over the laws of California. Technically, therefore, when you sell, transport, or give away marijuana, you violate federal law, even if you are abiding by California's medical marijuana law or recreational marijuana legalization law.

Sex Offender Registration Information

The federal Campus Sex Crimes Prevention Act requires institutions of higher learning to issue a statement their annual security report detailing where members of their campus community can obtain information concerning registered sex offenders. It also requires sex offenders who are required to register under state law, to provide notice of their enrollment or employment at any institution of higher learning in the state where he/she resides. Also, California law requires sex offenders who attend campus, and all campus affiliated sex offenders, to register with campus law enforcement.

Members of the public may access sex offender information at the Megan's Law website maintained by the Department of Justice (www.meganslaw.ca.gov). Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921).

For information concerning offenders who have registered with the Saddleback College Police Department, call (949)582-4585.

Bystander Intervention

To prevent gender-based violence, it is important that people are approached as potential witnesses or bystanders to behaviors related to sexual or dating violence. If you witness these behaviors, there are certain ways you can step up to prevent a risky situation from getting worse.

To intervene, first someone has to:

- Notice the incident. Bystanders first must notice the incident taking place. It's important to become attune to what situations may be risky
- Interpret the incident as an emergency. By "emergency," we mean a situation wherein there is risk of sexual or domestic violence occurring shortly.
- Assume responsibility for intervening. It has been found that often, people believe that someone else will help in a situation where there are many people around. However, it is important to realize that others may also be thinking the same thing. If you're unsure if you should do something, ask a friend what they think — it might be the case that they've been thinking the same thing.
- Have the bystander intervention skills to help. There are a number of different techniques that someone can use to intervene in a risky situation, some of which we've listed below.

Bystander Intervention Techniques (the4Ds): Please remember that your safety is of the utmost importance. When there is situation that threatens physical harm to yourself or another student, ask someone for help or contact the police.

Direct: Step in and address the situation directly. This might look like saying, "That's not cool. Please stop." or "Hey, leave them alone." This technique tends to work better when the person that you're trying to stop is someone that knows and trusts you. It does not work well when drugs or alcohol are being used because someone's ability to have a conversation with you about what is going on may be impaired, and they are more likely to become defensive.

Distract: Distract either person in the situation to intervene. This might look like saying, "Hey, aren't you in my Spanish class?" or "Who wants to go get pizza at the corner?" This technique is especially useful when drugs or alcohol are being used because people under the influence are more easily distracted than those that are sober.

Delegate: Find others who can help you to intervene in the situation. This might look like asking friends to distract one person in the situation while you distract the other ("splitting" or "defensive split"), asking someone to go sit with them and talk or going and starting a dance party right in the middle of their conversation. If you didn't know either person in the situation, you could also ask around to see if someone else does and check-in with them. See if they can talk to their friend, text their friend to check in, or intervene.

Delegate: Delegate the task by looking for persons to back you up when you decide to intervene.

Delay: For many reasons, you may not be able to do something right at the moment. For example, if you're feeling unsafe or if you're unsure whether or not someone in the situation is feeling unsafe, you may just want to check in with the person. In this case, you can combine a distraction technique by asking the person to use the bathroom with you or go get a drink with you to separate them from the person that they are talking with. Then, this might look like asking them, "Are you okay?" or "How can I help you get out of this situation?" This could also look like texting the person, either in the situation or after you see them leave and asking, "Are you okay?" or "Do you need help?"

Risk Reduction:

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment

(Taken from Rape, Abuse, & Incest National Network, www.rainn.org)

The following tips may reduce your risk for many different types of crimes, including sexual violence.

Know your resources.

Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider.

Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.

- Stay alert! When you're moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking campus security for an escort. If you're alone, only use headphones in one ear to stay aware of your surroundings.
- Be careful about posting your location. Many social media sites, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.
- Make others earn your trust. A college environment can foster a false sense of security. They may feel like fast friends, but give people time earn your trust before relying on them.
- Think about Plan B. Spend some time thinking about back-up plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you can't use a credit card? Do you have the address to your dorm or college memorized? If you drive, is there a spare key hidden, gas in your car, and a set of jumper cables?

California Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Domestic Violence

The State of California defines domestic violence as follows: California Penal Code section 273.5(a) Any person who willfully inflicts corporal injury resulting in a traumatic condition upon a victim described in subdivision (b) is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to six thousand dollars (\$6,000), or by both that fine and imprisonment.

(b) Subdivision (a) shall apply if the victim is or was one or more of the following:

- (1) The offender's spouse or former spouse.
- (2) The offender's cohabitant or former cohabitant.
- (3) The offender's fiancé or fiancée, or someone with whom the offender has, or previously had, an engagement or dating relationship, as defined in paragraph (10) of subdivision (f) of Section 243.
- (4) The mother or father of the offender's child.

Dating Violence

The State of California defined dating violence as follows: California Penal Code section 243(e) (1) When a battery is committed against a spouse, a person with whom the defendant is cohabiting, a person who is the parent of the defendant's child, former spouse, fiancé, or fiancée, or a person with whom the defendant currently has, or has previously had, a dating or engagement relationship, the battery is punishable by a fine not exceeding two thousand dollars (\$2,000), or by imprisonment in a county jail for a period of not more than one year, or by both that fine and imprisonment. If probation is granted, or the execution or imposition of the sentence is suspended, it shall be a condition thereof that the defendant participate in, for no less than one year, and successfully complete, a batterer's treatment program, as described in Section 1203.097, or if none is available, another appropriate counseling program designated by the court. However, this provision shall not be construed as requiring a city, a county, or a city and county to provide a new program or higher level of service as contemplated by Section 6 of Article XIII B of the California Constitution.

Sexual Assault

The State of California defines sexual assault as follows: California Penal Code section 243.4(a) Any person who touches an intimate part of another person while that person is unlawfully restrained by the accused or an accomplice, and if the touching is against the will of the person touched and is for the purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars (\$2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars (\$10,000).

Stalking

The State of California defines sexual assault as follows: California Penal Code section 646.9 (a) Any person who willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars (\$1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

Consent

The State of California defines consent, in relation to sexual activity, as follows: California Education Code Section 67386(a)(1) An affirmative consent standard in the determination of whether consent was given by both parties to sexual activity. “Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.
